

OM4

LC-LC Fiber Optic Patch Cord

Fiber Optic Patch Cord OM4 50/125 Multimode Duplex 3.0mm

A fiber optic patch cord is a fiber optic cable capped at either end with connectors that allow it to be rapidly and conveniently to CATV, an optical switch or other telecommunication equipment. Its thick layer of protection is used to connect the optical transmitter, receiver, and the terminal box.

Features

- Corning or equivalent fiber is designed to pass ISO, IEC, RoHS, etc.
- Bend insensitive fiber cable shows a great performance on resilience.
- 100% test according to international standards.
