CHAIRMAN'S STATEMENT

BUSINESS REVIEW

During the first half of the year, the Group continues to focus on streamlining operations and business segments, controlling costs and embarking on investment in its core intellectual properties ("IPs") related business.

The Group has been cautious and did not further invest in any new film or TV series productions. Film right and film production costs are brought forward from last year. The significant loss of the last Interim period was mainly due to the amortisation and impairment loss of film right and film production costs, which totalled HK\$31,052,000. The Group is prepared to contribute its IPs and to provide technical support, including digitization of comic characters, to potential partners or production companies in producing films, TV series and games. This approach will reduce the risk of hefty investments in media productions which are generally with rather uncertain outcome or returns.

In March this year, the Group entered into an agreement to take a controlling stake of 55% in Eqmen Technology Limited ("EQmen"), EQmen is principally engaged in the digitalisation and commercialisation of IPs, content creation, agency of IPs services and digital marketing in the PRC. The investment amount is RMB40,000,000 (or about HK\$47,555,000) for new shares of EQmen. EQmen has a proven track record, profitable and its business has a high barrier to entry because of its high technical standard. The investment was completed by the end of August this year. The contribution to the revenue of the Group for the current period is about HK\$986,000, which is rather insignificant yet. EQmen is currently employing about 25 people and will continue to build on and to expand its marketing and technical team to develop and broaden its scope of IP commercialisation business. EQmen, with the financial support of the Group, is also keen on acquiring IPs with good potential and popularity.

主席報告書

業務回顧

於本年度上半年,本集團繼續專注於精簡業務營 運及業務分部,控制成本及投資其核心知識產權 (「知識產權」)相關業務。

本集團一直保持謹慎及不會對任何新電影或電視節目作進一步投資。電影版權及電影製作成本從去年結轉。過往中期期間之重大虧損乃主要來自電影版權及電影製作成本之攤銷及減值虧損,合共31,052,000港元。本集團正準備向潛在合作夥伴或製作公司於製作電影、電視節目及遊戲上貢獻其知識產權及提供技術支援,包括漫畫人物角色之數碼化。此方向將減少媒體製作涉及巨額投資之風險,而帶來相對不明朗後果或回報。

CHAIRMAN'S STATEMENT (Continued)

BUSINESS REVIEW (Continued)

Publishing and IP Licensing Business

The Publishing and IP licensing business is fairly stable in 2018 and 2017. The overall market is rather static. With the capability of digitalisation of its IPs, mainly comic characters, the Group is putting more effort to broaden the scope of licensing business and customer base to encompass the use of digital images. This should enhance and improve the marketability of IPs of the Group.

Online and Social Business

The Group is scaling down its online and social business to reduce losses. The Group will not provide further funding for developing multimedia applications by end of the year, and is changing its role as a fund provider to being a collaborator, contributing existing developed applications in various multimedia developments. Under this co-operative model, the Group will not incur further costs, in particular in research and development costs, and has a better chance of recuperating its investment costs.

Retail and Wholesales Business

The Group is working with a consultant to develop sales and distribution channels for its premium wine. This may involve joining any promotion events of vineyards or wine cellars, sales through online wine selling sites, or even targeting wine collectors.

Catering Business

The Group is scaling down its catering services business. During the current Interim period, income increased and costs reduced significantly. The Group is also looking for potential operating partners or operators.

主席報告書(續)

業務回顧(續)

出版及知識產權授權業務

於二零一八年及二零一七年,出版及知識產權授權業務相對穩定。整體市場較為平淡。憑藉其知識產權(主要為漫畫人物角色)之數碼化實力,本集團將投放更多資源擴充授權業務之範疇及客戶群,以囊括數碼影像使用。此舉可加強及改善本集團知識產權之市場盈利能力。

線上及社交業務

本集團現正縮減其線上及社交業務規模以減少虧損。本集團將於年底前不會提供更多資金開發多媒體應用程式,並從資金提供者的角色轉變為合作者,使用現有已開發之應用程式進行不同多媒體開發。根據此合作模式,本集團將不會產生更多成本,尤其是研發成本,並有更佳機會重整其合作投資成本。

零售及批發業務

本集團與一名顧問合作,以就其優質酒類開發銷售及分銷渠道。此舉可能涉及加入任何酒莊或酒窖之推廣活動、透過線上售酒網站進行銷售,或 以酒收藏家為目標。

飲食業務

本集團現正縮減其飲食服務業務規模。於本中期 期間,收入增加及成本顯著減少。本集團亦正尋 找潛在經營合作夥伴或經營者。

CHAIRMAN'S STATEMENT (Continued)

PROSPECTS

During this Interim period, the Group is showing improved results across all operating segments, either with increased revenue, or reduced costs, or both. With continuing focus on controlling costs and utilising our IPs in either direct licensing or using it in marketing of products or events, the Group is embarking on achieving a turn-around. As stated before, the Group will continue to invest in IPs related business. The Group will take a controlling stake in its future investments in IPs related business, which must have a proven track record, profitability and sustainable operations.

APPRECIATIONS

I would like to express my sincere gratitude to the Board of Directors, our management and staff for their continued dedication in the past period, and to all our customers, suppliers, business partners and shareholders for their enthusiastic support of the Group.

主席報告書(續)

展望

於本中期期間,本集團於所有經營分部錄得業績 改善,收入有所增加或成本減少,或兩者皆有。 憑藉持續專注於成本控制及透過直接授權或於產 品市場推廣或活動中利用我們之知識產權,本集 團之業績有所反彈。誠如上文所述,本集團將繼 續投資於知識產權相關業務。本集團將於知識產 權相關業務之未來投資中擔任主導角色,而投資 項目須具有良好往績記錄且具盈利能力及可持續 業務營運。

致謝

本人謹就過去期間董事會、管理層同仁及各員工 之不懈努力,以及本集團之客戶、供應商、業務 夥伴及各股東之鼎力支持,深表謝意。

REPORT ON REVIEW OF CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of these condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements are not prepared, in all material respects, in accordance with HKAS 34.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2018

1. BASIS OF PREPARATION

The condensed consolidated financial statements of Culturecom Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

During the current interim period, the Group has entered into a capital injection agreement with an independent third party for acquisition of a subsidiary engaged in digital marketing business. The acquisition is completed on 31 August 2018 and the new digital marketing business is regarded as a new business segment of the Group. Further details are set out in Note 19.

2. PRINCIPAL ACCOUNTING POLICIES

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments, which are measured at fair values.

Other than changes in accounting policies resulting from application of new Hong Kong Financial Reporting Standards ("HKFRSs") and the adoption of new accounting policies as described below, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 September 2018 are the same as those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2018.

The Group has applied the following accounting policies which become applicable during the interim period.

Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

1. 編製基準

文化傳信集團有限公司(「本公司」)及其附屬公司(統稱「本集團」)之簡明綜合財務報表乃根據香港會計師公會(「香港會計師公會」)頒佈之香港會計準則(「香港會計準則」)第34號中期財務報告以及香港聯合交易所有限公司證券上市規則附錄16之適用披露規定而編製。

2. 主要會計政策

簡明綜合財務報表乃根據歷史成本法編製,惟若干金融 工具按公平價值計量。

除了應用新訂香港財務報告準則(「香港財務報告準則」) 及下文所述採納新會計政策所產生之會計政策變動外, 截至二零一八年九月三十日止六個月之簡明綜合財務報 表所採用之會計政策及計算方法與編製本集團截至二零 一八年三月三十一日止年度之年度財務報表所遵循者相 同。

於中期期間,本集團已應用下列適用之會計政策。

業務合併

FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2018

PRINCIPAL ACCOUNTING POLICIES (Continued)

Business combinations (Continued)

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 Income Taxes and HKAS 19 Employee Benefits respectively;
- liabilities or equity instruments related to sharebased payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 Sharebased Payment at the acquisition date (see the accounting policy below); and
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 Noncurrent Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net amount of the identifiable assets acquired and the liabilities assumed as at acquisition date. If, after re-assessment, the net amount of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any noncontrolling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the relevant subsidiary's net assets in the event of liquidation are initially measured at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets or at fair value. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at their fair value.

FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2018

2. PRINCIPAL ACCOUNTING POLICIES (Continued)

Business combinations (Continued)

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted retrospectively during the measurement period, and additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or group of cash-generating units) that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of cash-generating units).

業務合併(續)

倘業務合併之初步會計處理於發生合併之報告期末前仍 未完成,則本集團會就仍未完成會計處理之項目呈報暫 定金額。該等暫定金額於計量期間內作出追溯調整,或 確認額外資產或負債,以反映獲得有關於收購日期已存 在事實及情況之新資料,而倘知悉該等資料,將會影響 於當日確認之金額。

商譽

收購業務產生之商譽以收購業務當日確立之成本(見上 文會計政策)減累計減值虧損(如有)列賬。

就減值測試而言,商譽會分配至預期可從合併之協同效益中獲益之本集團各個現金產生單位(或現金產生單位組別),表示為內部管理目的而監察商譽之最低級別且不大於經營分部。

獲分配商譽之現金產生單位(或現金產生單位組別)會每年進行減值測試,或於有跡象顯示該單位可能出現減值時更頻密進行減值測試。就於某個報告期之收購所產生之商譽而言,已獲分配商譽之現金產生單位(或現金產生單位組別)於該報告期末之前進行減值測試。倘可回收金額少於賬面值,則減值虧損會先分配用作減低任何商譽之賬面值,其後則按該單位(或現金產生單位組別)內各項資產賬面值之比例分配至該單位之其他資產。

PRINCIPAL ACCOUNTING POLICIES (Continued)

2.1 Impacts and changes in accounting policies of application on HKFRS 15 Revenue from Contracts with Customers

The Group has applied HKFRS 15 for the first time in the current interim period. HKFRS 15 superseded HKAS 18 Revenue, HKAS 11 Construction Contracts and the related interpretations.

The Group has applied HKFRS 15 retrospectively with the cumulative effect of initially applying this Standard recognised at the date of initial application, 1 April 2018. In accordance with the transition provisions in HKFRS 15, the Group has elected to apply the Standard retrospectively only to contracts that are not completed at 1 April 2018. Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 18 Revenue and HKAS 11 Construction Contracts and the related interpretations.

2.1.1 Key changes in accounting policies resulting from application of HKFRS 15

HKFRS 15 introduces a 5-step approach when recognising revenue:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

2.1 應用香港財務報告準則第15號客戶合約收益 之影響及會計政策變動

本集團已於本中期期間首次應用香港財務報告準 則第15號。香港財務報告準則第15號取代香港 會計準則第18號收入、香港會計準則第11號建 *築合約*及相關詮釋。

本集團已追溯應用香港財務報告準則第15號,而 首次應用該準則之累積影響已於二零一八年四月 一日首次應用當日確認。根據香港財務報告準則 第15號之過渡條文,本集團選擇僅就於二零一八 年四月一日尚未完成之合約追溯應用該準則。據 此,由於比較資料乃根據香港會計準則第18號收 A及香港會計準則第11號*建築合約*以及相關詮釋 編製,故若干比較資料可能無法用作比較。

2.1.1 應用香港財務報告準則第15號所產生 之會計政策主要變動

香港財務報告準則第15號引入五個步驟來 確認收益:

第一步:識別與客戶訂立之合約

第二步:識別合約中之履約責任

第三步: 釐定交易價

第四步:按合約中之履約責任分配 交易價

第五步:於本集團達成履約責任時 (或就此)確認收入。

 - 2.1 Impacts and changes in accounting policies of application on HKFRS 15 Revenue from Contracts with Customers (Continued)
 - 2.1.1 Key changes in accounting policies resulting from application of HKFRS 15 (Continued)

Under HKFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good and service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs: or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

PRINCIPAL ACCOUNTING POLICIES (Continued)

2.2 Impacts and changes in accounting policies of application on HKFRS 9 Financial Instruments

In the current period, the Group has applied HKFRS 9 Financial Instruments and the related consequential amendments to other HKFRSs. HKFRS 9 introduces new requirements for 1) the classification and measurement of financial assets and financial liabilities, 2) expected credit losses ("ECL") for financial assets and 3) general hedge accounting.

The Group has applied HKFRS 9 in accordance with the transition provisions set out in HKFRS 9, i.e. applied the classification and measurement requirements (including impairment) retrospectively to instruments that have not been derecognised as at 1 April 2018 (date of initial application) and has not applied the requirements to instruments that have already been derecognised as at 1 April 2018. The difference between carrying amounts as at 31 March 2018 and the carrying amounts as at 1 April 2018 are recognised in the opening accumulated losses and other components of equity, without restating comparative information.

Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 39 Financial Instruments: Recognition and Measurement.

2.2.1 Key changes in accounting policies resulting from application of HKFRS 9

Classification and measurement of financial assets

Trade receivables arising from contracts with customers are initially measured in accordance with HKFRS 15.

All recognised financial assets that are within the scope of HKFRS 9 are subsequently measured at amortised cost or fair value.

本集團已根據香港財務報告準則第9號所載之過 渡條文應用香港財務報告準則第9號,即將分類 及計量規定(包括減值)追溯應用至於二零一八年 四月一日(初始應用日期)尚未終止確認之工具, 且尚未應用規定至於二零一八年四月一日已終止 確認之工具。於二零一八年三月三十一日之賬面 值與二零一八年四月一日之賬面值之間之差額於 期初累計虧損及權益之其他組成部分確認,且並 無重列比較資料。

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows: and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI"):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling;
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstandina.

All other financial assets are subsequently measured at fair value through profit or loss ("FVTPL"), except that at the date of initial application/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 Business Combination applies.

2.2 Impacts and changes in accounting policies of application on HKFRS 9 Financial Instruments (continued)

2.2.1 Key changes in accounting policies resulting from application of HKFRS 9 (continued)

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

Financial assets at FVTPI

Financial assets that do not meet the criteria for being measured at amortised cost or at FVTOCI or designated as FVTOCI are measured as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the "other gains and losses, net" line item.

The directors of the Company reviewed and assessed the Group's financial assets as at 1 April 2018 based on the facts and circumstances that existed at that date. The result of assessment is detailed in Note 2.2.2.

Impairment under ECL model

The Group recognises a loss allowance for ECL on financial assets which are subject to impairment under HKFRS 9 (including trade receivables, other receivables and bank balances and cash). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("12m ECL") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognise lifetime ECL for trade receivables. The ECL on these assets are assessed individually for debtors with significant balances and/or collectively using a provision matrix with appropriate groupings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

年期預期信貸虧損指在有關工具預期使用 期限內發生所有可能違約事件而導致之預 期信貸虧損。相反,12個月預期信貸虧損 (「12個月預期信貸虧損」)則指預期可能於 報告日期後12個月內發生違約事件而導致 之部分年期預期信貸虧損。評估乃根據本 集團之過往信貸虧損經驗進行,並根據債 務人特定因素、一般經濟狀況及對報告日 期之當前狀況以及未來狀況預測之評估進 行調整。

本集團一般就應收貿易賬款確認年期預期 信貸虧損。該等資產之預期信貸虧損將對 具有重大餘額的債務人進行個別評估及/ 或使用具有適當分組之撥備矩陣進行共同 評估。

就所有其他工具而言,本集團按相等於12 個月預期信貸虧損之金額計量虧損撥備, 除非自初始確認後信貸風險大幅增加,則 本集團確認年期預期信貸虧損。評估是否 應確認年期預期信貸虧損乃根據自初始確 認以來所發生違約之可能性或風險之大幅 增加。

Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations:
- an actual or expected significant deterioration in the operating results of the debtor:

信貸風險大幅增加

在評估自初始確認起信貸風險是否大幅增 加時,本集團會比較於報告日期金融工具 發生違約之風險與於初始確認日期金融工 具發生違約之風險。就該評估而言,本集 團考慮合理及可靠之定量及定性之資料, 包括過往經驗及無需付出過多成本或努力 即可取得之前瞻性資料。

尤其是,在評估信貸風險是否大幅增加 時,將考慮以下資料:

- 金融工具之外部(倘有)或內部信貸 評級之實際或預期顯著惡化;
- 外部市場信貸風險指標顯著惡化, 如信貸利差、債務人信用違約掉期 價格大幅增加;
- 業務、財務或經濟狀況出現或預期 出現不利變動,預期導致債務人償 債能力大幅下降;
- 債務人經營業績出現實際或預期出 現顯著惡化;

Significant increase in credit risk (continued)

an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise

The Group considers that default has occurred when the instrument is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

As at 1 April 2018, the directors of the Company reviewed and assessed the Group's existing financial assets for impairment using reasonable and supportable information that is available without undue cost or effort in accordance with the requirements of HKFRS 9. The result of the assessment is detailed in Note 2.2.2.

2.2.2 Summary of effects arising from initial application of HKFRS 9

The application of HKFRS 9 on 1 April 2018 has no material impact on the condensed consolidated financial statements of the Group with regards to classification and measurement of financial instruments nor recognised additional impairment loss allowance as the amounts involved are not material. There is no difference between carrying amounts of the Group's financial instruments recognised as at 31 March 2018 and 1 April 2018.

本集團之出版及知識產權授權業務之營業額錄得 輕微上升,增加約11.3%。此增加乃主要由知識 產權授權業務之市場所帶動。

截至二零一八年九月三十日止六個月,線上及社 交業務分部之營業額較截至二零一七年止六個月 減少31.4%至796,000港元。該下跌主要為市場 驅動,因中國數碼電影院行業錄得衰退。

FINANCIAL RESULTS (Continued)

Revenue (Continued)

The turnover of HK\$986,000 is from a new acquisition of business, namely the digital marketing business, through an acquisition of a new subsidiary of the Group.

The turnover of retailing and wholesales segment represents the sales of premium wine of HK\$26,000 during the six months ended 30 September 2018.

The catering services in Macau reported an increase in revenue of 49.3% to HK\$1,726,000 as compared to the same period of 2017 due to improvement of the market conditions in general.

Gross profit and gross profit margins

The gross loss of 2017 was due to the poor box office performance of "On the Pitch" and the one-off amortization of film right of "On the Pitch" of HK\$29,405,000 on the completion of the film's theatrical release in the PRC during the period. If excluding the results related to this film right, the adjusted gross profit margin would have been 50.1%. Comparing the profit margins for both periods, the improvement of gross profit margin of 2018 is due to the improvement of cost control and market conditions in general.
